ACTION TAKEN REPORT

2021-2022

Implementation of Energy audit: Discussions were held with different organizations for audit of Energy, Environment and Green audits, and M/S Ottotractions was entrusted the assignment. The administration kept the bills and documents ready for the past five years and the IQAC members accompanied the team for visit to different buildings and facilities.

Strengthening of Multifunctional Complex and Library Space Management

: Intensive research and visits to National libraries were undertaken by the IQAC members and Architect for efficient planning of the new library complex that envisages housing discussion and reading spaces, Astro centres, Research scholars' spaces,

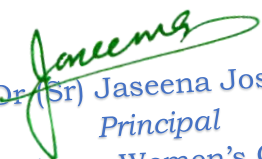

Implementation of NEP and interdisciplinary programmes : An Interdisciplinary Faculty Development Program in association with GAD-TLC centre, was organized on Research Methodology, for faculty members from various streams of Social Science, Commerce, Humanities and Management.

Chalking out Action Plan of Departments in tune with NEP and revised Accreditation strategy : Heads of Department were intimated about various quality initiatives to be undertaken in the new academic year. The timeline for work on 4th cycle of re-assessment was planned and intimated. The academic year began with 'Gurudaksht' – orientation programme for the faculty members.

Data consolidation for the Annual Calendar / Handbook : All departments were reminded to consolidated the total number of certificate courses offered by the various departments in the college, along with proper documentary evidences. The post Covid usage of library was informed to the students, to enhance utilization of NList and other e-resources.

Upholding Best Practices : All departments channelled their activities into the apt SDGs, thus making the students aware of the need to pursue the Sustainable Development Goals. UNEP in collaboration with University of Oxford have launched a global network of universities in order to support the prioritisation of nature restoration within the higher education sector; on campuses and within our cities. The College took the Nature Positive Pledge, expressing interest in contributing to the UN Decade of Ecosystem Restoration and the Sustainable Development Goals. Nurturing thinkers, this move is helping in uniting universities and campuses, for ecosystem restoration with a wider impact into our local communities and beyond.
